Saturday, Oct 21, 2023 | 08:30 am - 17:30 pm

Day One

08:30-09:00	Arrival and coffee
09:00 - 09:30	Introduction: Rationale for pterygoid & Zygomatic implants in full-arch immediate loading
09:30 - 10:15	Pertinent anatomy for the safe placement of pterygoid and zygomatic implants
10:15 - 11:00	Surgical technique for the successful placement
11:00 - 11:30	Coffee break and snacks
11:30 - 12:30	Trans nasal implant as alternative to quad zygoma
12:30 - 13:30	Cases of pterygoid implants used in full arch immediate loading
13:30 - 14:30	Lunch
14:30 -16:30	Hands on Model Workshop
16:30 - 16:45	Break and snacks
16:45 - 17:30	Prosthetic restoration of pterygoid and zygomatic dental implants

Sunday, Oct 22 , 2023 | 08:00 am - 15:00 pm

Day Two

8:00 - 8:45	Review Cephalus Anatomy
8:45 - 9:00	Cadaver hands on portion
13:00 - 14:00	Lunch
14:00 - 15:00	Complications
15:00 - 16:00	Q&A, Course Graduation

Course Overview

Although they have been in use for over 30 years, Pterygoid and Trans nasal and Zygomatic implants are one of the least understood styles of dental implant treatment. This may be due to the fact that pterygoid and Zygomatic implants are widely considered to be one of the most difficult fixtures to place in all implant dentistry.

This 2-day course will provide knowledge and guidance for incorporating this style of treatment into your full arch dental implant practice.

This course is a comprehensive, detailed, step-by-step lecture that will cover the Zygomatic and pterygoid Implants, surgical and pre-surgical planning, surgical procedures, and protocols including multiple techniques commonly used to place and restore these implants.

After didactic learning about those implants, course participants will receive hands-on guidance for the placement of pterygoid and zygomatic implants on both 3D models and cadavers

Course Objectives

- ✓ Review history of pterygoid and zygomatic implant treatment
- ✓ Review anatomy pertinent to pterygoid and zygomatic implant treatment
- ✓ Review indications and contraindications for pterygoid and zygomatic implants
- ✓ Pre-Surgical workup for treatment planning pterygoid and zygomatic implants
- ✓ Review surgical techniques for the placement of pterygoid and zygomatic implants
- ✓ Review complications associated with pterygoid and zygomatic implants
- ✓ Review prosthetic restorations of pterygoid and zygomatic dental implants

Speaker

Dan Holtzclaw, DDS, MS

Dr. Dan Holtzclaw is a Diplomate of both the American Board of Periodontology and the International Congress of Oral Implantologists. Long recognized as one of the world's leaders in full-arch implantology, Dr. Holtzclaw has published over 60 articles in peer reviewed journals such as the Journal of American Dental Association, the Journal of Periodontology, Implant Dentistry, the International Journal of Periodontics and Restorative Dentistry, and Compendium. Dr. Holtzclaw served as the Editor-In-Chief of the Journal of Implant and Advanced Clinical Dentistry for 13 years in addition to serving as an editorial board member and/or editorial reviewer for six additional dental journals. With over 150 main podium lectures provided at major dental conferences all over the world, Dr. Holtzclaw has been named a "Leader in Continuing Dental Education" by Dentistry Today Magazine for the past 14 consecutive years. Dr. Holtzclaw currently serves as the Director of Fixed Arch Solutions for Affordable Care, LLC, a DSO with over 360 clinics in 41 states. Dr. Holtzclaw is a proud 13 year veteran of the United States Navy who finished his naval career as the periodontist for the US Navy Blue Angels Flight Demonstration Team.

Speaker

Dr. Juan Gonzalez, DMD, OMS

Dr. Gonzalez is a Board Certified Oral and Maxillofacial Surgeon. Over the last two decades he's practiced full scope oral and maxillofacial surgery to include complex dentoalveolar surgery, third molar removal, orthognathic surgery, facial trauma, dental implants, facial cosmetic surgery and temporomandibular joint surgery. Dr. Gonzalez is also highly trained in all aspects of anesthesia and has performed over 14,000 moderate to deep sedations. For the last 4 years he's concentrated solely on full arch surgery (All on X) procedure, specially the severe bone loss cases requiring special implants like zygomatic and pterygoid implants. He is also an editorial member of the Journal of Implants and Advanced Clinical Dentistry, one of the largest and most prestigious dental journals. Dr. Juan Gonzalez was born in Spain and raised in Puerto Rico. After finishing dental school he completed a one While in the Army, Dr. Gonzalez completed his four year Oral and Maxillofacial training at Brooke Army Medical Center. He attained the rank of Lieutenant Colonel and after 12 years of active duty transferred to the Air Force Reserves where he's been for the last 8 years as the Chief of Professional Services directly supervising 6 physicians. He's also been a highly sought educator helping train dozens of active duty surgery residents. When not taking care of patients, Dr. Gonzalez remains active by traveling with his wife and three daughters, flying, shooting, hunting, wakeboarding, running barefoot half marathons and drinking wine with friends.

Cancellation Policy

We offer a flexible cancellation policy for our courses. If you need to cancel your registration, we ask that you do so at least one month before the scheduled course date to receive a 50% credit. If you cancel before the two-month deadline, we will provide a full credit. Unfortunately, we cannot offer any credit for cancellations made within one month of the course date, unless it is an individual case such as illness, which will be reviewed and decided by the regional manager. It is important to note that the credit for hotels is separate from the course cancellation policy. We highly recommend booking your hotel accommodations with a flexible cancellation option. This will provide you with the necessary flexibility in case of unforeseen circumstances that may require you to cancel or change your hotel reservation. For doctors who have purchased implant packages, we offer credit for product purchases only. This credit is not transferable to other products or services. If you have any questions or concerns regarding your implant package credit, please contact our customer service team for assistance.
