15:30-16:00	Full Arch Case Protocol • Dual Scan Protocol
16:00-16:30	Noris EZguide Service and Summary
16:30 - 17:00	Q&A

Course Overview

EZguide™ is an easy yet innovative approach to guided surgery.

Noris Medical developed this system to assist in "day-to-day" placement of "routine" and pterygoid implant procedures. A simple-to-use surgical set allows the predictability of immediate loading with the efficiency of a short and error-proof workflow.

In the course, we will learn the digital work process and the surgical protocol using EZguide set and EZplan, with demonstrations, case analysis, and hands-on 3d models.

Course Objectives

- ✓ Understand guided surgery principles, including diagnostic tools and treatment planning.
- ✓ Familiarize with the EZguide system components and usage.
- ✓ Learn step-by-step guided implant placement with EZguide, covering fixation, preparation, and placement.
- ✓ Gain proficiency in routine and pterygoid procedures using EZguide.
- ✓ Explore alternative options and hybrid approaches in guided surgery.
- ✓ Develop skills in immediate loading techniques with EZguide.
- ✓ Practice hands-on implant placement, multi-unit abutment, and immediate restoration.
- ✓ Understand full arch case protocols, including dual-scan planning.

Venue Address

New Jersey, USA

Speaker

Prof. Francesco Zingari, DDS

Graduation in dentistry and prosthetics at Università degli studi di Milano.
Since 2005 freelancer of the maxillofacial unit at Istituto Ortopedico Galeazzi in Milan.
Adjunct professor of prosthetics on zygomatic implants at Università statale in Milan.
Adjunct professor of implantology at Università degli studi di Parma.
Speaker at the II degree post-graduation master in digital and guided surgery.
Speaker at training courses in advanced implantology and anatomical dissection.
An active member of the Digital Implant & Restorative Academy (Di&RA).
Author of national and international publications.

Cancellation Policy

We offer a flexible cancellation policy for our courses. If you need to cancel your registration, we ask that you do so at least one month before the scheduled course date to receive a 50% credit. If you cancel before the two-month deadline, we will provide a full credit. Unfortunately, we cannot offer any credit for cancellations made within one month of the course date, unless it is an individual case such as illness, which will be reviewed and decided by the regional manager. It is important to note that the credit for hotels is separate from the course cancellation policy. We highly recommend booking your hotel accommodations with a flexible cancellation option. This will provide you with the necessary flexibility in case of unforeseen circumstances that may require you to cancel or change your hotel reservation. For doctors who have purchased implant packages, we offer credit for product purchases only. This credit is not transferable to other products or services. If you have any questions or concerns regarding your implant package credit, please contact our customer service team for assistance.
