Course Overview

TILTed Implantology with TIC TOC protocols are now established as Immediate Loading Non Graft procedures for Implant Rehabilitation of Atrophic Jaws.

Join us to Unlearn And Learn the revolutionary concepts of Immediate Implantology Principles ,Surgical & Prosthetic protocols of the Extra maxillary approach to Zygomatic Implants.

The Pioneer course in India to offer Live Cadaver demonstrations and continued Mentor support to catapult yourself to Next Gen of Implantology.

Course Objectives

The goal of this course is to provide the students with the necessary skill to perform surgeries for fixing Zygomatic, Nasal and Pterygoid implants, thus allowing the rehabilitation of patients with severe maxillary atrophy, without the need for bone grafts. Thereby reducing morbidity and treatment period with predictability.

His lectures extensively worldwide and has published over 60 articles and book chapters. He is the course director of ICOI 1 year Implant Programs. He is the First Faculty in India to start Advance Implant courses on Fresh Cadaver heads.

Cancellation Policy

We offer a flexible cancellation policy for our courses. If you need to cancel your registration, we ask that you do so at least one month before the scheduled course date to receive a 50% credit. If you cancel before the two-month deadline, we will provide a full credit. Unfortunately, we cannot offer any credit for cancellations made within one month of the course date, unless it is an individual case such as illness, which will be reviewed and decided by the regional manager. It is important to note that the credit for hotels is separate from the course cancellation policy. We highly recommend booking your hotel accommodations with a flexible cancellation option. This will provide you with the necessary flexibility in case of unforeseen circumstances that may require you to cancel or change your hotel reservation. For doctors who have purchased implant packages, we offer credit for product purchases only. This credit is not transferable to other products or services. If you have any questions or concerns regarding your implant package credit, please contact our customer service team for assistance.
